Features

- Structural appearance
- Multi-system configuration
- High-precision touch
- 4K display
- Automatic light sensing
- Remote Meeting
- Wireless screen projection
- Whiteboard writing
- Global annotation
- Scan QR code to share

Size	Appearance Size	Display Size	Net/Gross Weight	Hanging Hole	Applicable Area	Applicable Distance
55"	(L) 1265.6* (W) 778.2* (T) 85mm (Thickness including wall bracket:107.9mm)	1211.6 (H) ×682.4 (V) mm	24KG/31KG	400*400mm	8-10m²	2-3m
65"	(L) 1485.8* (W) 903.2* (T) 84.8mm (Thickness including wall bracket:111mm)	1430.5 (H) ×805.5 (V) mm	32KG/42KG	500*400mm	10-20m²	3m
75"	(L) 1708* (W) 1028.4* (T) 85mm (Thickness including wall bracket:113mm)	1652.2 (H) ×930.3 (V) mm	46KG/59KG	600*400mm	20-30m²	4m
85"	(L) 1954* (W) 1167.9* (T) 86.1mm (Thickness including wall bracket:120mm)	1874 (H) ×1055 (V) mm	57KG/74KG	800*400mm	30-40m²	5m
86"	(L) 1954* (W) 1167.9* (T) 86.1mm (Thickness including wall bracket:120mm)	1897 (H) ×1068 (V) mm	57KG/74KG	800*400mm	30-40m²	5m
98"	(L) 2217.6* (W) 1321.1* (T) 96mm (Thickness including wall bracket:146.7mm)	2160.8 (H) ×1216.4 (V) mm	82KG/106KG	900*600mm	50-70m²	6-8m
110"	(L) 2501.2* (W) 1482.1* (T) 93.9mm (Thickness including wall bracket:144.9mm)	2437 (H) ×1371 (V) mm	120KG/140KG	1000*800mm	60-90m²	8-10m

Structure & Appearance

Precision structure and unique appearance design make the product distinctive

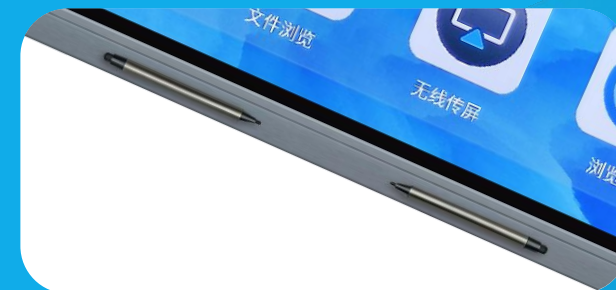

Leading Technology

Seamless process
Zero-stick process
Sturdy and durable

Dual Magnetic Pen Slots

Comes with a magnetic pen
Put it anywhere to prevent loss
Keep your desktop clean

Rich Front Interface

Plug and play
Convenient layout
Simplified operation

Dual Stereo Speakers

Surround sound field,
High-fidelity sound quality
Smooth remote communication

Windows 10/11 OS
 CPU: i5,i7,i9 optional
 Memory: 8G, 16G,32G optional
 Hard Disk: 128G,256G,512G optional

Android 14.0
 Default: 4G RAM+32G ROM
 Support Upgrade to 8G+128G optional

Flexible system configuration

Deeply customizable, seamless collaboration across platforms

Supports deep of Android and Windows dual systems, with options for single Android system configuration, single Windows system configuration, and Android & Windows dual system configuration to meet the diverse needs of enterprises.

Windows

Android

Android+Windows
Dual system

Automatic light sensing

Automatically adjust screen brightness based on ambient light

Equipped with an automatic light sensing system, it uses the ambient light sensor to monitor the ambient brightness in real time and intelligently adjust the screen brightness and color temperature.

It brightens and prevents glare in strong light, and softens and does not glare in dim light. It keeps the picture clear and comfortable around the clock, reduces visual fatigue, and is suitable for a variety of scenarios such as meeting rooms and training rooms.

**Real-time
monitoring**

**High-precision
sensor**

**Intelligent
dimming**

Real-time Remote Video Conferencing

Up to 4 Users to Screencast Simultaneously

8 array MICS

2*15W
midrange speakers

48MP Camera

Wireless screen projection

Multi-device screen projection is not limited by "wires"

Supports wireless screen projection, compatible with multiple terminal devices such as mobile phones, tablets, computers, etc., and can be used immediately on all Android/iOS/Windows/macOS systems; supports reverse control and split-screen comparison.

Optional screen projection page to protect privacy. Suitable for lectures, training, collaboration and other scenarios, breaking the shackles of cables, improving meeting fluency and information sharing efficiency.

**Fast
transfer**

**Privacy Screen
Mirroring**

**Reverse
Control**

Whiteboard Writing

Intelligent writing experience, helping efficient teaching/meeting

Built-in smart electronic whiteboard

supports millisecond-level touch writing for multiple people, unlimited canvas can be freely scaled, tables, timers and other gadgets can be easily inserted to enhance the writing experience, and column writing allows multiple people to create together.

±1mm

Writing accuracy

Rich tools

Built-in rich tools for your use

**40-point
Touch**

Co-creation by many people use

Smart Drawing

Wipe

Annotation function

Use annotations anytime, anywhere to make the key points clear

It supports the global annotation function, which allows real-time handwritten annotations on any interface (documents/web pages/videos, etc.); the annotation content is automatically associated with the source file, and multi-color markers and graphic recognition can be used to make the key points clear.

Scan the code to share the annotation content with one click, connect the discussion during the meeting with the execution after the meeting, and improve the efficiency of cross-team collaboration and the accuracy of decision-making.
