

DWINYA

Guangdong Duiying Electronic Technology Co., Ltd

Outdoor Digital Signage

<https://www.dy-smartboard.com>

Features:

- Built-in fan conditioner with intelligent operation and heat dissipation, can work normally at -40-50°C.
- Suitable for harsh environments, constant temperature inside the machine.
- High-brightness LCD screen with automatic brightness adjustment.
- Visible in the sun 2000-3000nits.
- Ultra-low power consumption of the whole machine, energy saving and power saving.
- Work in all outdoor environments, IP55 protection grade
- 1.5mm galvanized steel plate material.
- AR coated anti-glare glass, tempered, anti-reflection.

Size	32" 43" 49" 55" 65" 75" 86"
Resolution	1920*1080 / 3840*2160
Viewing Angle	178°/178°
Brightness	2000ints
Brightness Control	Automatic light sensing
Electronic control part	Leakage protection C-class surge (lightning protection) time control switch High voltage and high temperature protection
Operating voltage	AC 110/AC 220 or DC voltage
Optional functions	1.Wifi hotspot/3G/4G network 2.Camera 3.Video recorder 4.Android/X86 5.Nano touch/capacitive touch 6.LED display 7.Light box 8.One-button alarm 9.QR code scanning 10.Card reader 11.Thermal printer 12.Mobile phone charging

Outdoor waterproof advertising machine

-  high light
-  large viewing angle
-  winterprotection,water,
lightning
-  24 hours long standby
-  The fuselage explosion-proof

Remote control terminal

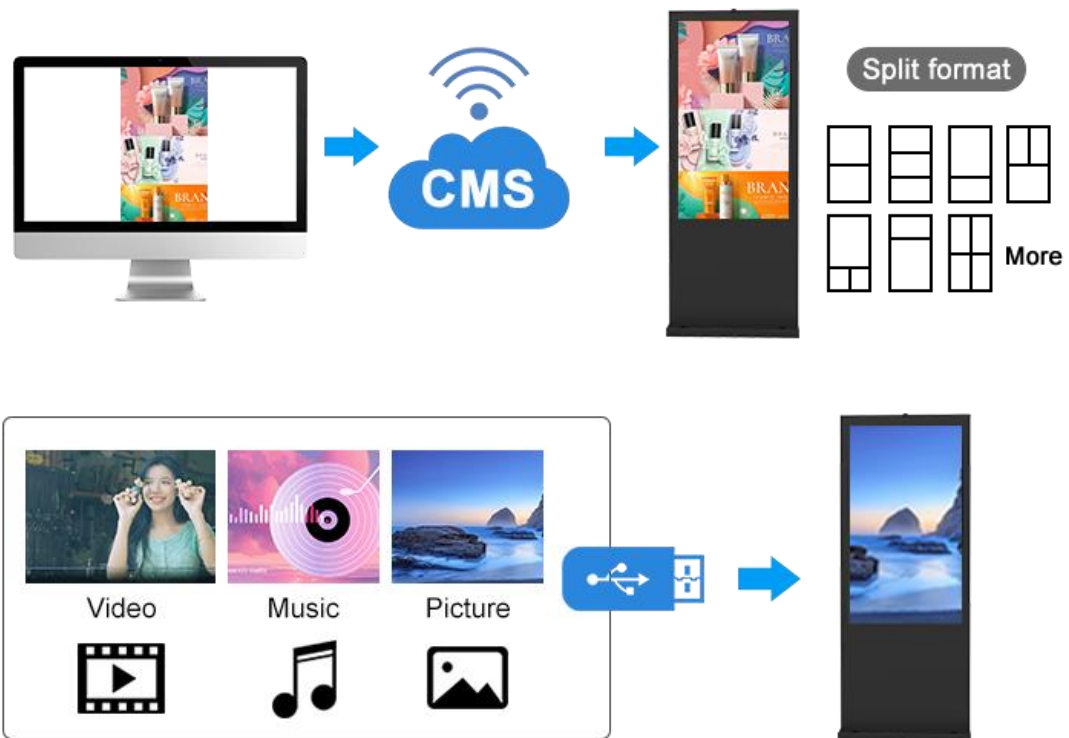

The server boarding platform
accesses the remote advertising machine

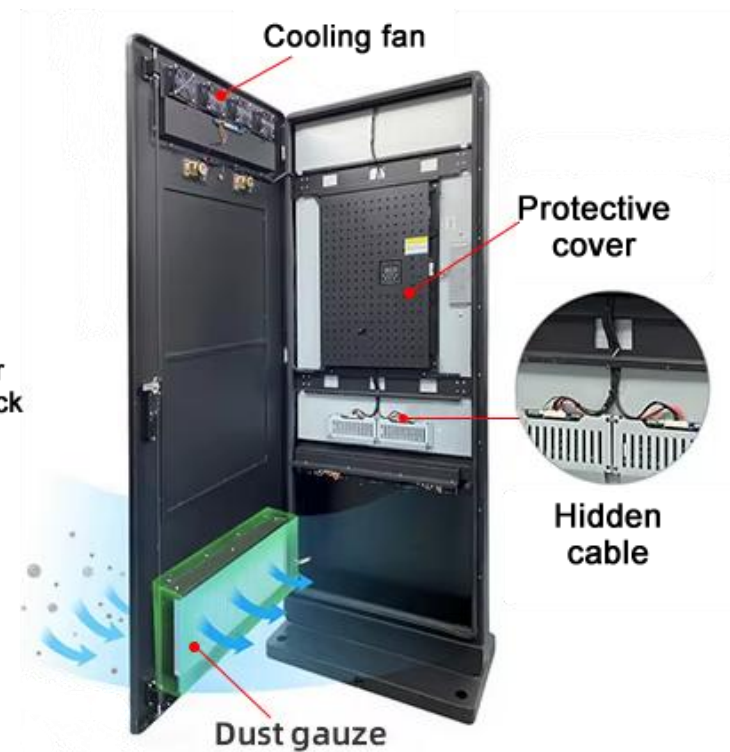

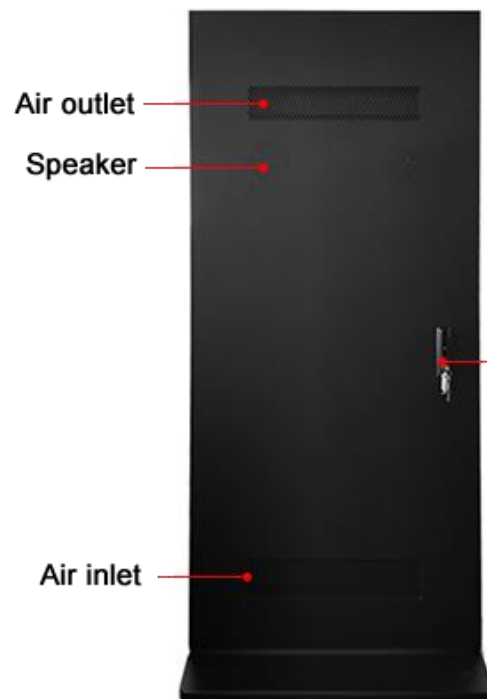

Remote control terminal

CMS SOFTWARE EDIT & USD DISK PLAY

PRODUCT DETAILS

Size	32" 43" 49" 55" 65"
Resolution	1920*1080 / 3840*2160
Viewing Angle	178°/178°
Brightness	2000ints
Brightness Control	Automatic light sensing
Electronic control part	Leakage protection C-class surge (lightning protection) time control switch High voltage and high temperature protection
Operating voltage	AC 110/AC 220 or DC voltage
Optional functions	1.Wifi hotspot/3G/4G network 2.Camera 3.Video recorder 4.Android/X86 5.Nano touch/capacitive touch 6.LED display 7.Light box 8.One-button alarm 9.QR code scanning 10.Card reader 11.Thermal printer 12.Mobile phone charging

Features:

- Model appearance: standard shell, various appearances can be designed according to customer needs, with novel design, diverse styles and high-end.
- Timing backlight: supports 3 groups of backlight timing control in different time periods, supports optional working status from Monday to Sunday, and supports Android APP interface operation.
- Intelligent temperature control: intelligent temperature control system, maintains a constant temperature and dry environment inside the fuselage to prevent fogging and condensation.
- Dustproof and waterproof: the whole body is sealed to prevent external dust and water from entering the interior, meeting the IP55 grade standard.
- Sun-proof and explosion-proof: the shell is galvanized steel plate, which is treated with special outdoor powder spray paint, waterproof and sun-proof, anti-corrosion, and explosion-proof professional surface technology; it can be used outdoors for up to 10 years without fading.
- High-definition highlight: high resolution, high contrast, high brightness, greatly improve the layering of the picture, 16.7M colors, the picture is more natural and delicate.

PRODUCT DETAIL

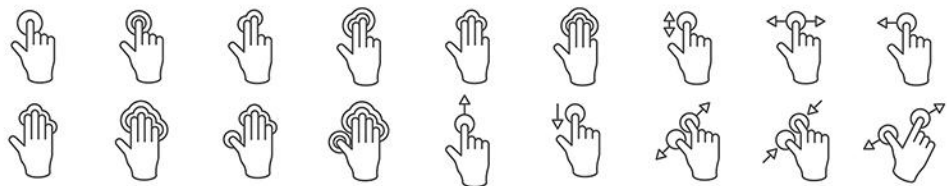

CLOUD TERMINAL PUBLISHING SYSTEM

MULTI-TOUCH

Multi-touch screen, high sensitivity, strong anti-interference ability,
Stable, realize handwriting, interactive query and other functions.

Android

Support Android application software
download, self-developed APK software

Windows

Optional windows system,
with touch computer function, web
browsing, office meeting

Features:

- Fully laminated 43- inch mobile billboard
- Brightness: 2500nits/2000nits (optional)
- Material: Aluminum profile + galvanized steel plate
- Color: Black, White
- Touch: G+G capacitive touch (optional)
- Configuration: Stand-alone version, Android, Window (optional)

Size	43"
Resolution	1920*1080
Viewing Angle	178°/178°
Brightness	2000ints
Brightness Control	Automatic light sensing
Battery Technology	It uses outdoor-specific lithium iron phosphate batteries, which have a longer lifespan, are more resistant to high temperatures, and have a high safety factor.
Operating voltage	AC 110/AC 220 or DC voltage
Multimedia Formats	Video (H.265, H.264, VP8, MAV, WMV, AVS, H.263, MPEG4, etc.), Audio (MP3, WMA, WAV, APE, FLAC, AAC, OGG, M4A, 3GPP, etc.), Image (support JPG, BMP, PNG, etc.)

IP65 Wterproof&Dustproof

14 HOURS Long Battery Playtime

2000NITS High Brightness Screen

Interface Display

Set your corpoate LOGO,weather,date,rolling subtitles,
and set regional display

Tempered
glass

Touch
screen

Custom display

Custom logo/color

Black

Others

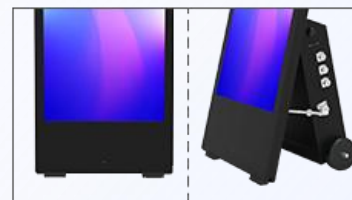

Wifi

SD card

USB*2

LAN

Custom interface

Customizable appearance

Collapsible

Explosion-proof tempered glass

Good light transmission, anti-collision, explosion-proof, anti-scratch

Cold Rolled Steel Plate

High hardness, not easy to deform

Tempered Glass

Wear and scratch resistant

Synthetic Aluminum

Durable and not easy to oxidize

One-click Playback

insert the U disk and turn it on to automatically play pictures, videos, music, etc.
Plug and play, timing playback

THANK YOU
